

## **Lianhe Global has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to Yangzhou Jianghuai Construction Development Co., Ltd.’s proposed offshore bonds**

HONG KONG, 6 January 2023 – Lianhe Ratings Global Limited (“Lianhe Global”), an international credit rating company, has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to the senior unsecured offshore bonds (“the Bonds”) to be issued by Longchuan Overseas Investment Co., Ltd., an indirect wholly-owned subsidiary of Yangzhou Jianghuai Construction Development Co., Ltd. (“YJCD”; ‘BBB’/Stable). The bond is unconditionally and irrevocably guaranteed by YJCD.

YJCD intends to use the net proceeds from this offering for refinancing its existing offshore indebtedness, project constructions and replenishing working capital.

### **Key Rating Rationales**

The Bonds are rated at the same level as YJCD’s global scale Long-term Issuer Credit Rating of ‘BBB’ as they are unconditionally and irrevocably guaranteed by YJCD, and YJCD’s obligations for the bonds shall at all times at least rank pari passu with all its other present and future unsubordinated and unsecured obligations.

The Issuer Credit Rating reflects a high possibility that the People’s government of Jiangdu District (“the Jiangdu government”), would provide strong support to YJCD if needed. This mainly considers the Jiangdu government’s 100% ownership of YJCD, YJCD’s strategic position as a flagship local investment and development company within Jiangdu District, as well as the strong linkage between the Jiangdu government and YJCD, including management supervision, strategic alignment, and ongoing operational and financial support. In addition, the Jiangdu government may face significant negative impact on its reputation and financing activities should YJCD encounter any operational or financial difficulties.

The Stable Outlook on YJCD’s rating reflects our expectation that YJCD’s strategic importance would remain intact while the Jiangdu government will continue to ensure YJCD’s stable operation.

### **Rating Sensitivities**

Any rating action on YJCD’s rating would result in a similar rating action on the Bonds.

We would consider downgrading YJCD’s rating if (1) there is perceived weakening in support from the Jiangdu government, particularly due to its reduced strategic importance with diminished government functions, or (2) there is a significant reduction of the Jiangdu government’s ownership of YJCD, or (3) there is a downgrade in our internal credit assessment on the Jiangdu government.

We would consider upgrading YJCD's rating if (1) there is strengthened support from the Jiangdu government, or (2) there is an upgrade in our internal credit assessment on the Jiangdu government.
