

Lianhe Global has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to Hubei New Tongdu Urban Investment and Development Group Co., Ltd.’s proposed USD bonds

HONG KONG, 4 July 2023 – Lianhe Ratings Global Limited (“Lianhe Global”), an international credit rating company, has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to the senior unsecured USD bonds (“the Bonds”) to be issued by Hubei New Tongdu Urban Investment and Development Group Co., Ltd. (“HNTU”). The Bonds are unconditionally and irrevocably guaranteed by HNTU’s direct controlling shareholder, Hubei Guanggudong State-owned Capital Investment and Operation Group Co., Ltd., also known as Hubei Optics Valley East State-owned Capital Investment and Operation Group Co., Ltd. (“HOVE”; ‘BBB/Stable’).

HNTU intends to use the net proceeds from this offering for project construction and supplement of working capital.

Key Rating Rationales

The Bonds are rated at the same level as HOVE’s global scale Long-term Issuer Credit Rating of ‘BBB’, as the Bonds are unconditionally and irrevocably guaranteed by HOVE, and HOVE’s obligations for the Bonds shall at all times rank at least equally with all its other present and future unsecured and unsubordinated obligations.

HOVE’s Issuer Credit Rating reflects a high possibility that People’s Government of Daye City (“the Daye government”) would provide strong support to HOVE if needed, in light of its 100% ownership of HOVE, HOVE’s strategic importance as the most important state-owned entity that is responsible for infrastructure construction, land consolidation and city operations in Daye, and the strong linkage between the Daye government and HOVE, including control of the board of directors, management supervision, strategic alignment, and ongoing operational and financial support. In addition, the Daye government may face significant negative impact on its reputation and financing activities should HOVE encounters any operational and financial difficulties.

The Stable Outlook on HOVE’s rating reflects our expectation that HOVE’s strategic importance would remain intact while the Daye government will continue to ensure HOVE’s stable operation.

Rating Sensitivities

Any rating action on HOVE’s rating would result in a similar rating action on the Bonds. For HOVE’s Issuer Credit Rating, Lianhe Global outlined the following sensitivities in the press release published on 23 December 2022 in relation to HOVE’s rating.

We would consider downgrading HOVE's rating if (1) there is perceived weakening in support from the Daye government, particularly due to its reduced strategic importance with diminished government functions, or (2) there is a significant reduction of the Daye government's ownership of HOVE, or (3) there is a downgrade in our internal credit assessment on the Daye government.

We would consider upgrading HOVE's rating if (1) there is strengthened support from the Daye government, or (2) there is an upgrade in our internal credit assessment on the Daye government.
