

Lianhe Global has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to Qingdao Development Zone Investment and Construction Group Co., Ltd.’s proposed senior unsecured bonds

HONG KONG, 30 November 2023 – Lianhe Ratings Global Limited (“Lianhe Global”), an international credit rating company, has assigned ‘BBB’ global scale Long-term Issuance Credit Rating to the senior unsecured bonds (“the Bonds”) to be issued by Qingdao Development Zone Investment and Construction Group Co., Ltd. (“QDZIC”; ‘BBB/Stable’).

QDZIC intends to use the net proceeds from this offering for refinancing offshore debt, project construction and supplement of working capital.

Key Rating Rationales

The Bonds are rated at the same level as QDZIC’s global scale Long-term Issuer Credit Rating of ‘BBB’ as the Bonds constitute direct, unsubordinated, unconditional and unsecured obligations of QDZIC. The payment obligations of QDZIC under the Bonds shall at all times rank at least equally with all its other present and future unsecured and unsubordinated obligations.

The Issuer Credit Rating reflects a high possibility that the People’s Government of West Coast New Area, Qingdao City (“West Coast New Area government”) would provide strong support to QDZIC if needed, in light of its indirect full ownership of QDZIC, QDZIC’s strategic importance as the key local investment and development company (“LIDC”) responsible for infrastructure construction and state-owned asset management in the West Coast New Area, Qingdao City, especially in the Qingdao Economic and Technological Development Zone, and the linkage between the West Coast New Area government and QDZIC, including management appointments, strategic alignment, supervision of major investment and financing plans and ongoing operational and financial support. In addition, the West Coast New Area government may face significant negative impact on its reputation and financing activities if QDZIC encounters any operational and financial difficulties.

The Stable Outlook on QDZIC’s rating reflects our expectation that QDZIC’s strategic importance would remain intact while the West Coast New Area government will continue to ensure QDZIC’s stable operation.

Rating Sensitivities

Any rating action on QDZIC’s rating would result in a similar rating action on the Bonds.

We would consider downgrading QDZIC’s rating if (1) there is perceived weakening in support from the West Coast New Area government, particularly due to its reduced strategic importance with diminished government functions, or (2) there is a significant reduction of the

West Coast New Area government's ownership of QDZIC, or (3) there is a downgrade in our internal credit assessment on the West Coast New Area government.

We would consider upgrading QDZIC's rating if (1) there is strengthened support from the West Coast New Area government, or (2) there is an upgrade in our internal credit assessment on the West Coast New Area government.
