

**Lianhe Global has upgraded the global scale Long-term Issuer and Issuance Credit Rating of China Great Wall AMC (International) Holdings Company Limited to 'AA' from 'AA-'; Issuer Rating Outlook Revised to Stable**

HONG KONG, 9 May 2026 – Lianhe Ratings Global Limited (“Lianhe Global”), an international credit rating company, has upgraded the global scale Long-term Issuer Credit Rating of China Great Wall AMC (International) Holdings Company Limited (“Great Wall Intl”) to ‘AA’ from ‘AA-’. The Issuer Rating Outlook is revised to Stable from Positive.

At the same time, Lianhe Global has also upgraded the global scale Long-term Issuance Rating for following debt instruments:

The senior unsecured USD notes, issued by Great Wall Int’s wholly-owned subsidiary, China Great Wall International Holdings III Limited, and unconditionally and irrevocably guaranteed by Great Wall Intl and supported by keepwell deed and liquidity support undertaking from China Great Wall Asset Management Co., Ltd. (“China Great Wall”, ‘AA’/Stable), upgraded to ‘AA’ from ‘AA-’.

The senior unsecured USD bonds, issued by Great Wall Int’s wholly-owned subsidiary, China Great Wall International Holdings V Limited, and unconditionally and irrevocably guaranteed by Great Wall Intl, upgraded to ‘AA’ from ‘AA-’.

The senior unsecured USD bonds and the USD unsubordinated perpetual securities (“Perpetual Securities”), issued by China Great Wall International Holdings VI Limited, and unconditionally and irrevocably guaranteed by Great Wall Intl, upgraded to ‘AA’ from ‘AA-’.

A full list of issuance ratings is included in this press release.

**Key Rating Rationales**

The Issuer Rating upgrade reflects an upgrade in our credit rating on China Great Wall and the expectation of continuing of a high possibility that China Great Wall would provide very strong support to Great Wall Intl if needed. This mainly considers China Great Wall’s direct full ownership of Great Wall Intl, and its strategic importance as the only overseas platform of China Great Wall, as well as their high integration and strong linkage. The company focus on its core business of distressed asset management, backed by the onshore and offshore coordination within the group.

The Stable Outlook reflects our expectation that Great Wall Intl’s strategic importance would remain intact while China Great Wall will continue to ensure Great Wall Intl’s stable operation.

**Rating Sensitivities**

Any rating action on Great Wall Intl’s rating would result in a similar rating action on rated debt instruments.

We would consider downgrading Great Wall Intl's rating if (1) there is perceived weakening in support from China Great Wall, particularly due to its reduced strategic importance, or (2) there is a significant reduction of China Great Wall's ownership of Great Wall Intl, or (3) there is a rating downgrade on China Great Wall.

We would also consider downgrading the issuance ratings of the Perpetual Securities if there is perceived increasing possibility of coupon/principal deferrals.

We would consider upgrading Great Wall Intl's rating if there is a rating upgrade on China Great Wall.
