

Lianhe Global has assigned ‘A’ global scale Long-term Issuer Credit Ratings with Stable Outlook to Mitsubishi UFJ Financial Group, Inc., MUFG Bank, Ltd., and Mitsubishi UFJ Trust and Banking Corporation

HONG KONG, 18 June 2026 – Lianhe Ratings Global Limited (“Lianhe Global”), an international credit rating company, has assigned ‘A’ global scale Long-term Issuer Credit Ratings to Mitsubishi UFJ Financial Group, Inc. (“MUFG”) and its two core banks - MUFG Bank, Ltd. and Mitsubishi UFJ Trust and Banking Corporation (“MUTB”). The Issuer Rating Outlook is Stable.

Key Rating Rationales

The Issuer Ratings of MUFG and its two core subsidiary banks, MUFG Bank and MUTB, reflect MUFG’s leading market position, adequate capitalization and strong funding and liquidity profile. The ratings also consider its adequate profitability and stable asset quality. In addition, we expect a high possibility of extraordinary support to be provided by the Japanese government, if needed, considering MUFG’s strong market presence in Japan’s banking system. The ratings assigned are based on MUFG’s consolidated profile.

The Stable Outlook reflects our expectation that MUFG will maintain prudent risk management and sound capitalization, while preserving sufficient liquidity buffers to withstand adverse market movements.

Rating Sensitivities

We would consider downgrading MUFG’s and the two banks’ ratings if there is 1) significant deterioration in capital adequacy and liquidity, or 2) notable deterioration in asset quality and profitability, or 3) perceived lower possibility of government support, or 4) a downgrade in our internal credit assessment on the Japanese government.

We would consider upgrading MUFG’s and the two banks’ ratings if there is 1) a notable improvement in financial metrics, particularly in capital adequacy and profitability, or 2) perceived higher possibility of government support, or 3) an upgrade in our internal credit assessment on the Japanese government.
