Lianhe Ratings Global Limited ("Lianhe Global") has affirmed 'BBB+' global scale Long-term Issuer Credit Rating of Sanya Yazhou Bay Technology City Holding Group Co., Ltd.; Outlook Stable

HONG KONG, 27 July 2026 – Lianhe Ratings Global Limited ("Lianhe Global"), an international credit rating company, has affirmed 'BBB+' global scale Long-term Issuer Credit Rating of Sanya Yazhou Bay Technology City Holding Group Co., Ltd. ("STCH"); Issuer Rating Outlook remains Stable.

Key Rating Rationales

The Issuer Credit Rating reflects a high possibility that the People's Government of Sanya ("the Sanya government") would provide very strong support to STCH if needed. This primarily considers YZBSTC Authority's, a specially established institution of the Sanya government, full ownership of STCH and STCH's strategic importance as an important local investment and development company responsible for the development and operation of Yazhou Bay Science and Technology City ("YZBSTC") in Sanya. The linkage between the local government and STCH is strong, including government management supervision, strategic alignment and ongoing operational and financial support. In addition, the local government has a very strong willingness to ensure STCH's business and financial viability to safeguard its reputation and local financing activities.

Sanya is a prefecture-level city under the jurisdiction of Hainan Province. In 2025, Sanya's GDP grew steadily by 4.8% to RMB103.4 billion. The Sanya government's budgetary revenue increased slightly by 0.7% to RMB15.5 billion. YZBSTC is one of the 13 key industrial parks designated under the Hainan Free Trade Port framework.

The Stable Outlook reflects our expectation that STCH's strategic importance would remain intact while the Sanya government will continue to ensure STCH's stable operation.

Rating Sensitivities

We would consider downgrading STCH's rating if (1) there is perceived weakening in support from the local government, particularly due to its reduced strategic importance, or (2) there is a significant reduction of the local government's ownership of STCH, or (3) there is a downgrade in our internal credit assessment on the Sanya government.

We would consider upgrading STCH's rating if there is an upgrade in our internal credit assessment on the Sanya government.
